

Sponsorship Proposal
Python Sul 2019
Curitiba, PR

The Conference

The Python Sul conference is a regional community event about the Python programming language, gathering the communities of Rio Grande do Sul, Santa Catarina e Paraná (the three southernmost states of Brazil).

This is a growing event, the first edition happened in 2017 in Caxias do Sul - RS with 50 participants, then in 2018 in Florianópolis - SC with 250 participants. We're building a diverse community of pythonistas over the region and other places of the world

Python Sul 2019

In the year of 2019, the third edition of Python Sul is going to happen in Curitiba, SC, with the objective of promoting the local community and providing an event for the south Brazilian Pythonistas. The conference of 2019 is going to happen in September with the following planned schedule:

- September 12 - 13: 10 presentations*
- September 14: 8 free tutorials
- 300 participants
- Location: Unicuritiba

Why Sponsor?

- Join a high tech event with highly visibility by the government and national/international companies;
- Know and share success cases;
- Train your team;
- Build relationships with companies and business partners;
- Leverage your business on this market segment;
- Connect your brand to open and collaborative free software initiatives;
- Hire cutting edge scientists and developers;
- Offer your services and products;
- Get recognition for your brand in Brazil and abroad.
